

PE fine mesh trailer net

EXTRA 200 GR/M²

A trailer net with fine mesh, constructed from extra-durable PE monofilament, is ideal for securing cargo during transportation. This monofilament construction ensures longevity and reliability, while the fine mesh prevents small items from falling out. With good airflow and easy handling, this net provides a practical and robust solution for various hauling needs.

Technical data

- HDPE monofilament knitted net
- Mesh size 1×1mm
- 7% UV-stabilised
- Polyester tape stitched all round with a brass eyelet every 50cm, inner Ø 18mm
